STORMED BY REBELS.

Government Troops Desperately Defend the City of Panama.

LOSSES LARGE ON BOTH SIDES.

People Disgusted at the Failure to Crush the Rebellion and All Business Is at a Standstill. The Latest Advances.

Kingston, Jamaica, Jan. 14.—The British steamer Texan, Captain Lund, which arrived here from Colon, Colombia, reports that when she left Colon terror reigned among the inhabitants around Panama in consequence of another rebel descent upon the city. Heavy fighting began outside of Panama Jan. 10 and continued fiercely throughout Jan. 11, when the rebels were making a desperate attempt to get within the city. The government troops were strongly contesting the advance of the insurgents when the Texan left. Captain Lund says the losses on both sides had been considerable, though without advantage either way. The rebels have been largely reinforced and were well stocked with supplies. Two British warships had arrived at Panama and an American cruiser was momentarily expected.

It appears also, according to reports brought by the Texan, that business in Colombia is at a standstill everywhere, that there is a general enforcement of martial law, and that the people are becoming disgusted with the government owing to its failure to crush the rebellion. The fighting is now over a wide field, and the rebels have become more stubborn than ever.

Pingree Contempt Case.

Lansing, Mich., Jan. 14.—The motion of ex-Governor Pingree's attorney to dismiss the contempt proceedings brought against the ex-governor because of certain criticisms of the ingham county circuit court and prosecutor in an interview with a Detroit paper came up in circuit court. The motion for dismissal alleges lack of jurisdiction on part of the court. Two objections were raised by Mr. Stevenson, attorney for Mr. Pingree, that the governor as one of the co-ordinate branches of the state government could not be in contempt of another co-ordinate branch, the judiciary, and that the statutes limit the power of the court to punish for contempt an act committed in its presence or about a matter pending in court and that the language complained of was not within these provisions. Judge Wisner overruled both objections and gave the respondent exceptions to his rulings, so that the case may be taken to the supreme court at once. The proceedings were then continued until Feb. 4.

Wiped Out His Family.

Albany, N. Y., Jan. 14.—Louis Currier, 40, cut his wife's throat, broke his son Archie's head with a baseball bat, took a dose of Paris green and then cut his own throat from ear to ear with a razor. All three are dead. Currier left a letter to the police which shows the murder was premeditated. He claims his wife bought Paris green to poison him. It is believed his frenzy after killing his wife led to the killing of his son, aged 12 years. A sister of Currier exonerated the dead woman and says her brother made life wretched for his wife, drinking to excess and abusing her.

Routed by Grant.

Manilla, Jan. 14.—General Grant, who is endeavoring to finish the latest insurrection in his district, and who is personally commanding his scouts at the southern end, reported that he had encountered a number of bands south of Buloc mountain, all of which retired up the hills. He says that 100 of the enemy, who were well entrenched, made considerable resistance, but were ultimately driven from their position. Four bodies of insurgents were found. The American casualties were a sergeant and one private of troop A, Philippine cavalry, wounded.

Lynching Averted.

Leavenworth, Kan., Jan. 14.—Miss Eva Roth, a young woman of this city, was attacked on the street by Fred Alexander, colored. Alexander was arrested shortly after the occurrence. The jail was surrounded by an angry mob numbering nearly 1,000, breathing threats of vengeance. The doors were battered down, but the police had previously spirited the prisoner away.

Hay Resumes Labor.

Washington, Jan. 14.—Secretary Hay transacted considerable business at his home but as there was nothing of pressing need requiring his presence at the state department he did not resume his official duties there. He appears to be quite recovered from his recent ailment.

STRANDED IN AFRICA.

'Monkey Talk' Interpreter Left Alone To Fight For Life.

Boston, Jan. 14.—Friends of Prof. F. G. Garner, the famous explorer, scientist and author, are anxious over his possible fate in the wilds of Africa. Prof. Garner sailed from New York July 19, 1900, and arrived in the French Congo in September, where he was stricken with jungle fever.

The exorbitant rates levied upon him for transportation and the money already laid out upon his really inadequate equipment, had by this time made him almost penniless, and when his funds entirely failed his faithful hirelings fled, leaving him to fight the grim specter alone. Nov. 27 he wrote urgent letters to friends in Boston, apprising them of his exhausted financial and physical condition and urging that aid be immediately sent to him. They were the last messages from him and none of the letters were received until the last of December. Efforts were at once made to cable money to him, but cable communication could not be had with any bank within the vicinity of the police where the letters were posted. All efforts to locate him failed.

Street Railway Strike Settled.

Reading, Pa., Jan. 14.—The strike of employees of the United Traction company which was inaugurated Tuesday, has come to an end. The board of arbitrators having granted nearly every demand made by the strikers, the strike was officially declared off by Organizer Jacob C. Taylor, who sent word to the motormen and conductors to man their cars as usual. The agreement calls for the reinstatement of all employees discharged since Jan. 1; that 16 2-3 cents an hour be paid beginning Jan. 16, nine hours to constitute a day's work; one week early and one week late shifts; whenever a dispute arises between employer and employees which cannot be satisfactorily adjusted it shall be referred to a board of arbitrators. The agreement is to remain in force one year.

Manhattan Boom.

New York, Jan. 14.—The sensation on 'change was a remarkable advance in the price of Manhattan railway shares. It was rumored the Gould family had sold controlling interest in the property to capitalists identified with one of the largest insurance companies in this city. Another story was that the Metropolitan Traction company was to take the road and guarantee 6 per cent dividend on the stock. Neither George nor Edwin Gould was at his office and no authoritative statement could be obtained. A high officer in Manhattan declared, however, that he could say with positiveness that there was absolutely no truth in any statement that the Goulds had sold their Manhattan holdings.

Satisfactory Settlement.

San Domingo, Jan. 14.—The San Domingan congress has voted a credit for the government to compensate the San Domingo Improvement company of New York. Control of the customs will continue with the government which will pay salaries monthly. A commission composed of the Dutch and Belgian consuls, the American and French vice consuls and one Dominican, will receive the customs duties. General satisfaction is felt throughout the country. The president has been congratulated on the action taken. All is quiet.

Bridge Contract and Bribery.

Chicago, Jan. 14.—The Lafayette Bridge company of Lafayette, Ind., is awarded \$24,800 in its suit against the city of Streator, Ill., the amount being the contract price of a bridge across the Vermillion river at that point. The contract was awarded in Sept., 1897. The case was made famous by charges of bribery of aldermen and unlawful combination among contractors. One alderman admitted having received \$500 for his vote in favor of the contract. The bridge company sued for \$40,000.

Trouble in a Gold Mill.

Florence, Colo., Jan. 14.—The people of this city are becoming alarmed over the situation of the Union Gold Extraction company's mill, where employees are on strike for recognition of their union. Manager Milliken is willing to pay the union scale of wages but has refused to receive a committee from the mill and smelters' union or to discharge non-union employees. Preparations are being made to import Italian laborers and it is feared such action would result in rioting.

Columbia, Ky., Jan. 14.—Frank Irvine, a wealthy and aged farmer residing near Creelsboro, was burned to death in his home. Mr. Irvine was awakened in the night by his residence being on fire, and went up stairs to a trunk in which he had a sum of money. When he reached the upper story all means of escape were cut off, and he was burned to death.

DIRECTED TO SIGN IT.

China's Order to Its Plenipotentiaries Regarding the Joint Note.

MINISTER CONGER COMMUNICATES.

Li Hung Chang Reported to Be a Victim of Bright's Disease—Protest Against a Celestial Peace Conference.

Washington, Jan. 11.—Secretary Hay has received a cablegram from Minister Conger at Peking announcing that the Chinese plenipotentiaries have been directed to sign the joint note of the powers.

Peking, Jan. 14.—The joint note of the powers has finally been signed by the Chinese peace commissioners. Prince Ching signed Saturday and Li Hung Chang, who is better, signed Sunday.

It is understood that the malady from which Li Hung Chang is suffering is Bright's disease.

Prince Ching has protested to the court against the appointment, said to be contemplated, of Viceroy Chang Chih Tung as a plenipotentiary in the place of Li Hung Chang. He thinks the latter's advice is absolutely essential.

The Russians say they will formally turn over the railroad to the Germans immediately.

M. De Giers, the Russian minister, objects to the British attitude in refusing to permit the Russians to distribute rice and wheat to destitute Chinese in the British section.

Italy's Explanation.

Shanghai, Jan. 14.—The Italian consul at Shanghai, in explaining the presence of Italian warships at San Min bay, says they went there for target practice. It is again reported here that the allies are preparing to enter the province of Shan Si. A French force is reported to have defeated a body of Boxers west of Pao Ting Fu killing 1,000.

Murder and Orage.

Portland, Me., Jan. 14.—Thomas O. Moshier, 25, a farmer, was murdered, and his mother, Mrs. Rufus Moshier, 72, was brutally assaulted at their home in Gorham, near this place, by two men who forced an entrance into the Moshier residence with the evident intention of robbery. After completing their ghastly work the men ransacked the house, taking what valuables they could find. One of the men was a negro, William Hands, colored, was arrested at Scarborough. In his possession were found a blood-stained razor marked with Moshier's name, \$40 in money, consisting chiefly of bills, which were also stained with blood and a watch. His hands and clothing were soiled and bloody. The man admits having been at the Moshier farm house, and says he left his companion in Portland.

Battle in the Streets.

Wichita, Kan., Jan. 14.—A series of riots ended in a street fight between three colored and three white men. More than a dozen shots were exchanged between Wiley Schnell, a Texas negro, and Cash Johnson, a white trunkmaker. Schnell was shot in the head, but will not die. Johnson was shot through the groin and his condition is serious. A man named Herford was slashed with a razor and a young man from the country had several ribs broken. The principal negro contestant fled and a mob of 200 white men pursued and caught him. Policemen hurried him into a wagon and succeeded in escaping from the mob.

Decoyed Buller.

Boston, Jan. 14.—Baron H. L. De Ginsberg of Pretoria, who lived in the Transvaal for eight years, and was chief of the intelligence department of the South African republic up to the time he left South Africa, is in Boston. The baron says that the invasion of Natal and Cape Colony by the Boers recently means the loss of both those countries to the British. The baron also stated that while chief of the secret service of the Boers, he had taken a decoy dispatch to the tent of General Buller on Dec. 12, 1899. This led to the attack on Spion Kop two days later which resulted in such a disaster to the British arms.

Building Trades Council.

Cincinnati, Jan. 14.—Most of the officers and many delegates arrived for the annual convention of the National Building Trades council, which convenes here today. There are 300 delegates, and one of the principal matters for consideration is the federation of all trades in the building industry. The headquarters of the national council are in St. Louis.

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

"There is considerable more activity in the leaf tobacco market for both the old and new crop. Old flibers and cutters, of good quality, were stronger in the bidding and sold at higher values than were obtained for the same sorts a week ago. Stripping lugs and trash were also active and prices bid for them ranged higher. The advance for old smokers, noted in our report of last week's market, was well sustained, and while these sorts showed no increase in appreciable values, the demand for them was firm and strong. In fine, the market for old tobacco was an all around good one and the best for the seller for quite awhile."

"The average price for new tobacco offered shows a higher range of values when compared with the average of sales made the previous week. A greater number of hds. sold at \$10 and over than a week ago, which fact materially helped to make the increase in the average price obtained. Thin lugs and trash, of decided good color, were stronger in the bidding and were at least appreciably higher. The common and nondescript sorts held firm and steady at prices established last week. Tips and medium flibers were in active request, and, as a rule, sold at satisfactory prices. Of the 911 hds. new sold, 238 hds. sold below \$1, 406 hds. sold at from \$1 to \$2, 233 hds. sold at from \$2 to \$10 and sixty-seven hds. from \$10 to \$16.25, making a general average of \$6.76."

Hoyt's, "A Texas Steer."

The funniest and cleverest comedy "Charley" Hoyt ever wrote, "A Texas Steer," will be given at the Washington Opera House Saturday, Jan. 19th. The merry political satire was composed on the basis of individual characteristics and peculiarities often seen and met with throughout the West, while the cast presenting it comprises practically the original one that made the piece famous some years ago. Miss Pearl Hight, formerly with Baldwin-Melville Stock Co., Cincinnati, plays the part of "Bossy." James R. McCann is "Maverick Brander," the new Congressman, and Will H. Bray is the "Minister from Dahomey." The incomparable and talented original "Texas Steer" quartette, composed of Edward L. Boas, Charles N. Cranville, Thomas Stubbs and W. C. Lewis, will be one of the attractive features of the performance.

James Herrington, of Nicholas County, claims he will be 105 years old if he lives until the 15th of next March.

ARMY REORGANIZATION

Several Amendments to the Bill Remain to Be Considered.

VOTE TO BE HAD DURING THE WEEK.

Night Sessions Talked of For the Discussion of Ship Subsidy—Forecast of the House—Washington Mention.

Washington, Jan. 14.—The army reorganization bill continues to engage the attention of the senate. The opinion is quite generally expressed among senators that the bill will be acted upon by the middle of the week. Many phases of the question involved in the army bill still remain to be considered. There are special features which will require more or less attention. Among these are Senator Daniel's amendment concerning the appointment of volunteers to offices in the regular army; the question of the disposition of officers who have held staff positions, and the provision for the enlistment of Filipinos in the American army.

Senator Allison intends to call up the legislative, executive and judicial appropriation bill when the army bill is acted upon. When there are no appropriation bills to be taken up the ship subsidy bill will be discussed. There are still numerous speeches to be made upon this measure, and already there is talk of night sessions for its consideration. Saturday will be devoted to eulogies in memory of the late Senator Gear.

In the House.

Washington, Jan. 14.—A program of miscellaneous matters will occupy the attention of the house during the coming week. The river and harbor bill, which was debated for three days last week, will consume one and possibly two days. Although the bill was criticised very severely during the debate last week, it is in no danger of failure. Most of the attacks came from members who were disappointed in what the bill grants to their localities, and the actual opponents of the measure will be overwhelmed when the final vote is reached. The bill to revise and codify the postal laws will be taken up during the week under a special order.

Spread the Salve.

Washington, Jan. 14.—Secretary Long has received a letter written by a number of missionaries to Commander Winstow of the hospital ship Solace, expressing not only their thanks for the courtesies of the voyage from San Francisco to Yokohama, but adding a tribute to the splendid management of the ship and the admirable qualities displayed by the American bluejackets. Mr. Long highly appreciates the sentiments of the letter.

Society of Murderers.

Washington, Jan. 14.—Copies of general orders from the Philippines, received here, show that a large number of native Filipinos have been convicted of murder and other crimes and sentenced to be hanged or to long terms of imprisonment. In one case the accused belonged to an organized band which, under the name of "Guardia de Honor," had for its declared object the murder of peaceful and unoffending victims.

Victim of Pneumonia.

Washington, Jan. 14.—Joseph Yates Paige, for the past six years chief clerk of the comptroller of the currency, died here of pneumonia. He was well known to the banking interests of the country. Mr. Paige was born in Albany, N. Y., in 1850, of a family distinguished in the state's history.

McKinley Improving.

Washington, Jan. 14.—President McKinley was so much improved in health that he was able to go out for a short drive. It is expected that a few more days will see him again able to attend to business.

A Fool Yelled Fire.

Chicago, Jan. 14.—Six people were crushed to death and as many more seriously injured in a panic which followed a man's cry of "fire" in West Twelfth Street Turner hall. About 800 people were in the place, gathered to witness the performance of a play, entitled "The Greenhorn." The dead: George Shaffer, 9; Mrs. Annie Solomon; Mrs. Samuel Mendelsohn; Annie Goldberg, 7; Regina Millenbach, 4; unknown woman, 30. The audience was all Hebrew and comprised mostly women and children. Sparks issuing from a register caused the stampede.

Murdered by Her Mother.

Minneapolis, Jan. 14.—Mrs. Matilda Holstrom struck her 16-year-old daughter with a bottle killing her instantly. It afterwards developed that Mrs. Holstrom had made two previous attempts on the life of her daughter. It is believed the mother is insane.

THE NEW ORDER—"VACCINATE IT OUT."

This brief phrase embodies the latest policy of the State Board of Health, as announced by the President of that body in his ultimatum on the Greenup affair. Nothing could be more prudent, practical or judicious than the method proposed; nor would there be any serious popular complaint, if this policy were adopted at once; and, as it expresses the latest "official" theory touching proper method of suppression, it will perhaps do no harm to reproduce an unofficial expression of opinion which appeared in the editorial columns of the BULLETIN Friday, April 27, 1900, shortly after the subsidence of the small-pox panic at Mayslick. It will be seen that, after all, the BULLETIN is, and has been throughout, in perfect accord with the State Board of Health,—a clear case of pre-established and perpetual harmony where irreconcilable antagonism was persistently alleged to exist:

Thanks to the energetic measures adopted by Drs. Davis and Shackelford, the sensational epidemic in South Mason has entirely disappeared; and while congratulating ourselves on the result, it is just as well that we take heed to the lesson that this experience teaches, to-wit: that the modern epidemic confines its devastations chiefly to the public purse—the bill of expenses being portentously big and the list of mortality miraculously small. Now, what is the remedy for this state of affairs. There is but one—VACCINATION.

An eminent medical politician is said to have announced that it will cost not less than one hundred thousand dollars to stamp out the contagion in this State. This, it is claimed, is an exceedingly modest estimate, if the present methods be pursued. It is said that one thousand dollars will hardly cover the local expense of the little small-pox brush at Mayslick,—not to mention the necessary official appropriations and the inevitable consequential damages. Now if it be true that all of our woes come out of Africa, and that, with a remarkable exercise of discrimination the contagion of small-pox seizes upon negroes alone, it would seem that an infallible preventive in the premises would be a careful and comprehensive vaccination of the colored race at the public expense. Under existing State laws one thousand dollars will vaccinate four thousand persons; and, if bids be taken from physicians in the various county precincts, no doubt the entire population may be vaccinated for less. When the Federal government stepped into possession of Porto Rico, it issued orders for the vaccination of every man, woman and child in the island. It was a virgin field for the vaccinator and the work was thoroughly done. The entire cost was thirty thousand dollars.

"What has been done in Porto Rico can be as well done here, and at less expense. The vaccinated population in Kentucky is large; the proportion of unprotected is comparatively small. But even if it be large, there is but one way to protect the public purse. The periodical small-pox scare is exceedingly damaging to the material interests of the State, and it can never be made a source of revenue to the public at large. To continue the present methods is to put a premium upon the development and exploitation of contagious disease."

To this, it may be pertinently added, that the money expended in the modest little epidemic at Mayslick would vaccinate at least five thousand persons.

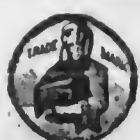

PERSONAL.

—Mr. and Mrs. J. Montgomery Hunter are spending the winter at 317 West Broadway, Louisville.

—Mr. Walter Powell, of Chicago, and Dr. W. A. Raymond, of Cincinnati, were guests of Miss Florence Wadsworth, Sunday.

—Mr. Richard T. Anderson, Jr., of Lexington, spent Sunday here with his wife, who is visiting her mother, Mrs. A. C. Respass.

Mr. William McClelland last week bought a fancy sorrel gelding from Mr. Wiley Young, of Georgetown, O. He has a match for it, the two making a splendid team.

Take Two Cups

Take a cup of Arbuckles' Coffee and a cup of the "cent-a-pound-cheaper" kind. One taste of each will prove to you that the reason Arbuckles' costs a little more is because it's worth more. It's selected with greater pains, roasted with greater care, packed with greater skill. It comes to you as fresh as when it left the roaster. Not a particle of its strength or flavor lost. Cheap coffee lacks both strength and flavor.

ARBUCKLES' Roasted Coffee

is cheaper in the end than other coffees because it makes more cupfuls to the pound and gives far greater satisfaction.

With each package of Arbuckles' Coffee you purchase a definite part of some useful article—which is yours on presentation to our Notion Dept. of a certain number of signatures cut from the wrappers. You'll find a list of the articles in each package.

DIED SUDDENLY.

Mr. Andrew Daulton Passed Away Saturday Evening After a Brief Illness.

Mr. Andrew Daulton died very suddenly Saturday evening at 7:30 o'clock at his home in the Fifth ward. He had been employed at the Hall plow factory and was at work Friday. There are several reports as to the cause of his death,—one that he died of consumption of the bowels. A postmortem examination may be held this morning to set at rest these reports. He was a son of Mr. George Daulton, and was in the thirty-third year of his age. His wife and one child survive. The funeral takes place this afternoon at 2 o'clock at the home of his father on Union street, Rev. E. M. Allen officiating, assisted by Howard T. Cree. Burial in the Maysville Cemetery.

To My Friends and the Public in General.

As advertised, I have decided to retire from the clothing business in the city of Maysville, and having learned from friends that there is doubt in the minds of some people as to my sincerity in the matter, and realizing that schemes and fakes of a like nature have been worked on our citizens in the past, and wishing to put all doubts at rest, I desire to state that I will pledge myself to donate one thousand dollars each to the Y. M. C. A., the Public Library fund and the mission school of the first ward, all of the city of Maysville, if I do not retire from the clothing business this year,—as soon as I can with satisfaction to myself,—and remain out of the clothing business permanently, or at least for a term of years.

Respectfully,
JNO. T. MARTIN.

Mr. Andrew Rogers, who has been one of the faithful attaches of the local office of the Adams Express Company, has secured a position in the office of the Auditor of this company at Cincinnati and leaves to-morrow to enter upon his duties. Mr. Rogers is an upright and industrious young man, and while his many friends regret to see him leave Maysville, all unite in wishing him success in his new home.

A Deep Mystery.

It is a mystery why women endure backache, headache, nervousness, sleeplessness, melancholy, fainting and dizzy spells when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phoebe Cherley, of Peterson, Ia., "and a lame back pained me so I could not dress myself, but Electric Bitters cured me, and, although seventy-three years old, I now am able to do all my housework." It overcomes constipation, improves appetite and gives perfect health. Only 50c, at J. Jas. Wood & Son's drug store.

A Slaughter Sale

OF GOOD CLOTHING, THE COMMENCEMENT OF WHICH WILL BE DULY ANNOUNCED IN OUR DAILY PAPERS.

In going over our stock preparatory to invoicing we culled out every broken lot of Suits in the house. They comprise both heavy, medium and light weights, many of them suitable to wear all the year round. We argue that any price that we can sell them for and get the money for them is much preferable than to carry them over.

There are hundreds of Suits that have sold and worth the money from \$10 to \$18. They will be marked to sell and for cash only at \$5, \$7 and \$9.50.

In this sale there will be thrown on the counters in the neighborhood of 500 pairs of strictly all wool men's Pants worth from \$2.50 to \$40. We are going to offer them to you at \$1.25, \$1.50 and \$2 a pair.

Our patrons know that we do not indulge in fake advertisements. The truth is this. We have too many goods and are a little short on money. When the above mentioned line of goods are exhibited for sale you will see that our statements as to the value of these goods are verified. Due notice will be given in the papers when this sale will begin.

AS IN A SLEEP.

But 'Twas the Sleep of Death—Peacefully the Final Summons Came to Mrs. George W. Crowell.

The sad news of the sudden death of Mrs. Martha W. Crowell, wife of ex-Councilman George W. Crowell, came as a shock to the many friends of the family Sunday morning.

Mrs. Crowell had been a sufferer from asthma and dropsy for the last year or so, but was able to go about her home and was thought to be feeling better than usual when she retired Saturday night. She awoke shortly before 5 o'clock Sunday morning, and was apparently as well as usual. After starting the fire, her husband noticed that she seemed in a deeper sleep than usual, and going to the couch was shocked to find she was dead. So peacefully had she answered the final summons that he thought she was only sweetly sleeping.

Mrs. Crowell was a daughter of the late James Froman and was born in this city. She would have been fifty-three years old next month. Her husband and two of the three children born to them survive—Mrs. Lydia Traxel and Miss Ada Crowell. Mrs. Crowell is also survived by two sisters, Misses Ann and Sarah Froman, of this city, and Mr. James Froman, of Bentonville, O.

The funeral will take place Tuesday morning at 10 o'clock at the family residence on East Second street. Mrs. Crowell had long been one of the faithful members of the Christian Church and the funeral service will be conducted by the minister, Howard T. Cree. Burial in the Maysville Cemetery.

GRATIFYING SUCCESS.

The Union Meeting in interest of the Y. M. C. A. Largely Attended—Over \$400 Subscribed.

The union service at the First Baptist Church last night in the interest of the Y. M. C. A. was a most gratifying success. The church was taxed to its full seating capacity.

Nearly all the ministers of the city were present and took part in the service. Choirs of most of the churches united in the song service, which was enthusiastic and inspiring, and solos were very sweetly rendered by Mrs. Lucy Keith and Mr. Boyd Muse, Mrs. Keith singing "The Old Ship of Zion" and Mr. Muse singing "Where is My Wandering Boy To-night?"

Short addresses on the value of the Y. M. C. A. to the city, and urging a generous subscription to enable the association to meet its expenses up to June 1st, were made by Rev. Dr. Molloy, Rev. Augustin J. Smith, Rev. Dr. Taylor, Rev. Dr. Barbour and Elder Howard T. Cree. Rev. Dr. Porter was absent in a meeting at Covington.

To Rev. F. W. Harrop was assigned the task of securing the subscriptions, and right well did he succeed. The sum of \$625 was asked and subscriptions of the evening amounted to \$420. All friends of the association feel greatly encouraged at the success of the meeting and confidently expect to secure the balance \$205 this week or at least by the close of the month.

Fifty members of the association, headed by the faithful General Secretary, marched from the hall to the church and occupied front seats during the services. Many of these young men, though already holding a membership, contributed to the \$420 subscribed last evening.

Friendship Rebekah Lodge No. 43, I. O. O. F., has installed the following of ficers:

S. P. G.—Mrs. Lizzie Lowery.
N. G.—Mrs. Clara Clark.
V. G.—Miss Elizabeth Sproemberg.

Brought Good Fortune.

A small item in his own paper lately brought amazing good fortune to Editor Chris. Reitter, of the Saginaw (Mich.) Post and Zeitung. He and his family had the grip in its worst form. Their doctor did them no good. Then he read that Dr. King's New Discovery for Consumption, Coughs and Colds was a guaranteed cure for la grippe and all throat and lung troubles; tried it and says: "Three bottles cured the whole family. No medicine on earth equals it." Only 50c. and \$1 at J. Jas. Wood & Son's drug store. Trial bottles free.

We Sold About Eight Hundred Rods

OF AMERICAN WOVEN WIRE FIELD FENCE

Tuesday, the 8th instant—a pretty good record for one day, hey? This goes to prove that farmers recognize a really good thing when they see it. The great demand for this fence of late has caused the factories to be run night and day, and there has been some delay in filling a big order we sent in some time ago. However, word has just been received that the shipment is on the way, and its arrival will enable us to supply purchasers on short notice. First come, first served.
